Dear Mr. Robinson,

The Board of Trustees and the members of First Church of Christ, Scientist, in Bellaire, Texas want you to know how much we appreciate the timely manner in which you helped us in evaluating and advising us on removing the vinyl tiles and asbestos in our church after the flooding that occurred during hurricane Harvey. Your services were very much appreciated.

We are well on our way to restoring the structure and thank you for helping us make sound decisions regarding how to proceed.

Sincerely,
Board of Trustees,
First Church of Christ, Scientist
Bellaire, Texas

Caroline Davidson, Clerk
